

DIVORCEES MUST WAIT ONE YEAR

None Can Marry in That
Time Except on Order
from the Court.

VOTING MACHINE BILL

It is Concurred in by the Sen-
ate — Now Goes to a
Vote of the People.

BOTH BRANCHES ADJOURNED

Madison, Wis., March 29.—The
Barker divorce bill prohibiting the
marriage of divorcees within a year af-
ter the decree is granted, was ordered
to the third reading in the as-
sembly today, with an amendment
permitting marriage upon an order
of the court.

The Hall resolution authorizing the
use of voting machines was concurred
in unanimously by the senate. It
merely legalizes the use of machines
and does not make them compulsory.
The amendment will have to be passed
by the next legislature and then go
to the vote of the people before it
goes into effect.

The amended apportionment bill
changing the make up of Brown
county so as to give two republican
assemblymen was passed through the
senate but laid over in the assembly.
The assembly killed the bill passed
by the senate conveying lands
granted the Green Bay ship canal com-
pany to Charles Fister and Ephraim
Mariner who purchased the property
of the companies.

Both houses adjourned until next
Wednesday night.

PRIMARY ELECTION BILL.

Opponents May Compromise But Will
First Kill the Measure.

Madison, Wis., March 29.—The sit-
uation on the primary election bill
remains unchanged. Neither side
will listen to compromise in the com-
mittee. The friends of the measure
maintain that they will stay out to
the end for a bill that will include
state, congressional, legislative and
county nominations.

They say that the party platform
calls for a law along these lines and
that it is impossible for them to com-
promise. The opponents on the
other hand will listen to nothing in
the form of a compromise until the
two bills now before the committee
have been killed, and even then they
will listen to nothing more radical
than a test by counties, and will not
consent to the abolition of legislative
or state conventions. The sentiment
for a compromise meets daily with
more favor in the senate.

Twenty Votes Against It.
A canvass of the upper house has
been made and it is said that there
are twenty votes against the passage
of the bill in its present form. It
is probable that April 9 will be chosen
as the day for considering the bill
in the senate.

Each side in the contest is anxious
to get the primary election question
settled for it is delaying all other leg-
islation. The taxation bills are hung
up pending a settlement of the elec-
tion bill; the railway bills are held
in abeyance and in fact every impor-
tant bill in both houses is being affect-
ed by the fight that is now on. At pre-
sent there does not seem to be any
hopes for an adjournment for at least
four or five weeks and perhaps not
then.

Amend Assembly Apportionment
Madison, Wis., March 29.—The joint
committee on apportionment last eve-
ning decided to yield to Senator Hege-
meister's request and change the as-
sembly apportionment of Brown coun-

ty. The senate will probably pass
the amended bill today, under suspen-
sion of the rules and the assembly will
then concur in the amendment. The
plan is to pass the apportionment bill
on assembly districts in both houses
today so that the senatorial districts
may be taken up.

For Cheese Instructors.
Senator Whitehead's bill appropriat-
ing \$4,000 annually to the Wisconsin
Dairymen's association to enable that
association to keep travelling instruc-
tors in cheese and butter making on
the road, was advanced to engross-
ment, and the same was done for Sen-
ator Martin's bill prohibiting the
sale of papers or books devoted to ob-
scene subjects or to scenes of crime
or bloodshed.

Mr. Evans' joint resolution to give
women authority to vote was laid
over for one week as was also Mr.
Overbeck's bill and Mr. Orton's bill
relating to the erection of monuments
at Shiloh. The bill to establish a
home for inebriates and one to estab-
lish a home for the curing of consump-
tives were both recommended for in-
definite postponement, but the action
was laid over.

PROGRESS OF THE TELEPHONE LINES

New York, March 29.—The annual
stock holder's meeting of the Ameri-
can Telegraph and Telephone com-
pany, held in this city today, marked
the twenty-fifth anniversary of the in-
vention of the telephone by Prof. Bell.
In a retrospect of the progress since
that time the report of Acting Presi-
dent Alexander Cochrane said:

"Twenty years ago there were 47,
880 telephone subscribers in the United
States and 29,714 miles of wire in
use for telephonic purposes. At the
end of last year there were 508,880
exchange stations equipped with our
instruments, and 1,961,801 miles of
wire were employed for exchange and
toll service. The estimated number
of daily exchange connections is 5,
668,986, or about 1,825,000,000 per year.
The investment in line connections, eq-
uipment and supplies for the long
distance system up to Dec. 31, 1900,
was \$16,152,020."

UNCLE SAM WILL BUY THE ISLANDS

Washington, March 29.—Negotia-
tions with Denmark for the acquisition
of the Danish West Indies have reach-
ed a stage where it practically is cer-
tain that a treaty will be drawn and
signed whereby the United States will
buy the islands.

The president today appointed Ed-
win M. Shepherd, rear admiral; Kos-
uth Niles, commander and Richard
M. Hughes, lieutenant commander.

KAISER'S WORDS STIR UP A STORM

People of Berlin Indignant Over His
Address Implying Disloyalty—A
Strong Protest Will Be Made.
Berlin, March 29.—The Kaiser's ad-
dress implying disloyalty to the peo-
ple of Berlin has evoked general in-
dignation. Burgomaster Kirchner
intends to apply for an audience with
the emperor to assure him in the
name of the people of Berlin that
nobody in his senses is planning any
revolution. The liberal papers as-
sert that the military "Camarilla" is
endeavoring to incite the Kaiser ag-
ainst the civil population.

Fire in Milwaukee.
Milwaukee, March 29.—Fire this
morning destroyed the frame tenement
on Third avenue. Martin Struzinski
was suffocated and four families
narrowly escaped.

Fenian "Head Center" Dead.
Dublin, March 29.—James Stephens,
the famous Fenian leader, died today.
He was the Irish "Head Center" when
the brotherhood participated in the
raid on Canada.

AN EPIDEMIC OF SMALL POX RAGES; WISCONSIN INDIANS ARE SUFFERING

Fifteen Dead Bodies Found Recently in the Snow
Near Medford—Their Peculiar Treatment
of the Disease—Superior Alarmed.

Milwaukee, March 29.—Smallpox is
epidemic among the Indians in the
various sections of the state, and the
disease has in many cases proved fatal,
owing chiefly to ignorance as to
proper treatment. F. M. Perkins of
Medford, who was in the city yester-
day, said that while only one case
had been discovered in that city, small
pox was prevalent among the Indians
on the north fork of the Yellow
river.

"Last Saturday," said Mr. Perkins,
"the bodies of fifteen Indians who
had died of smallpox were discovered
in the snow near the camp. The red
men's ideas on doctoring the disease
are peculiar. Instead of taking med-
icine to relieve them they plunge
naked into a stream of water or into
a snow bank, believing that good
Indians will live and that bad ones
will die."

Have Established Quarantine.
"Since the discovery the health
officials have established a strict
quarantine between the camp and
Medford. There are about 150 In-
dians in the camp. They are from
Kansas, having rented their farms
there and come to Wisconsin for a
hunt. They live in tents and have
been in that locality for about a year
and a half. Many of them are pros-
perous men drawing pensions from
their farms back in Kansas. It is

supposed that they contracted the
disease from some lumber camp. As
they will not submit to medical treat-
ment there is no way but to keep them
in quarantine until the disease has
spent its course."

Spreading in Wisconsin.
Dr. U. O. B. Wingate, secretary of
the state board of health, said yester-
day:

"The spread of smallpox seems to be
on the increase throughout the state,
though it is just as we have expected.
With so many light cases, it is
natural that persons afflicted should
unwittingly carry it from place to
place. Compulsory vaccination is
the only safe plan. However, light
cases themselves may be, there is
just as much danger of malignant
cases spreading from the lighter form
as from the more severe ones."

Drastic Measures at Superior.
West Superior, Wis., March 29.—
More drastic measures are to be taken
to prevent the spread of smallpox in
the northern part of the state. This
city will be the working point and the
measure will be taken here to put
down the epidemic. The board of
health will be isolated from the rest
of the city offices and the force will
be materially increased. Other plans
are for the fumigating of public
places.

HELPED CAPTURE CHIEF AGUINALDO

Capt. Harry W. Newton Was One of
the Four Officers Selected by
Funston for the Raid.

West Superior, Wis., March 29.—
Capt. Harry W. Newton, one of the four
officers selected by General Funston
for the bold dash into the interior of
the land of the wily chief, is a native
of this city. He is thirty years of
age. His splendid work in the Philip-
pines won for him the confidence of
his superior officers and also a promo-
tion from first lieutenant to cap-
tain.

Capt. Newton served in the Spanish-
American war as an officer in the
Third Wisconsin regiment, serving
from April 28, 1898, until Jan. 9, 1899.
He was appointed first lieutenant in
the volunteer army July 5, 1899, and
soon after went to the Philippines.
His regiment, the Thirty Fourth, had
many encounters with the Filipinos
and Capt. Newton's coolness and the
soldierly manner in which he handled
his men coupled with his love for
exploit, made him one of the few
officers who were picked out by the
daring Funston to accompany the ex-
pedition which might have resulted
in the annihilation of the little band.

GUESTS OF HONOR ON EASTER SUNDAY

Janesville Commandry No. 2, Knights
Templar Accept the Invita-
tion of Rev. R. C. Denison.

At the regular meeting of the Janes-
ville Commandry of Knights Tem-
plar last evening it was voted to ac-
cept the invitation of the Rev. R. C.
Denison of the Congregational church
for Easter Sunday morning. The
Knights Templar always observe East-
er Sunday in a special manner and for
a few years past it has been the cus-
tom for the different churches to ask
their attendance at morning service as
guests of honor. Several invitations
were received this year.

The Knights Templar will hold its
own Easter service the same as us-
ual. All its knights will meet at Ma-
sonic hall on Easter Sunday morning
at 9 o'clock and the service of the
order will be held promptly at 9:30
o'clock. At 10:15 o'clock the mem-
bers, in full regalia, will march to the
Congregational church in a body and
after attending service they will re-
turn to Masonic hall.

Evansville Golden Wedding.
Evansville, Wis., March 29.—The golden
wedding of Nelson Winston and
wife was celebrated here yesterday. They
were married at Oregon, Dane county.
Invitations were sent to three hundred
relative and friends.

Old Berlin Doctor Dies.
Berlin, Wis., March 29.—Dr. N. M.
Dodson, the oldest physician in this
city, was married yesterday to Miss Ag-
nes Bendick, his housekeeper, who is 49
years old. The doctor is 75 years of
age.

Teachers and students of the high
school were pleased to receive a visit
from C. M. Best and W. A. Rowell.
Both gentlemen were members of the
high school faculty of last year and
were very popular.

RECORD BROKEN BY FRUIT TRAIN

Fifteen Cars of Oranges from South-
ern California Take a New
Route Over Great Northern.

St. Paul, Minn., March 29.—The
Great Northern special train of fifteen
refrigerator cars containing oranges
from Southern California was rush-
ing across the country from Seattle at
express speed and covered the 1,817
miles in seventy hours, reaching St.
Paul early this morning and Chicago
this evening. The train reached the
Minnesota western border at mid-
night.

The run is made for a record to show
the world what can be done. The
Santa Fe could not take the oranges
east in less than sixteen days and even
then the fruit was rotting in the or-
chards for lack of cars to transport
it.

J. J. Hill offered to take the fruit
through in ten days, transporting it
from San Francisco by boat to Seat-
tle. The train left Seattle on Tues-
day morning.

CANNING MEN HAVE ABOUT 800 ACRES

The Farmers Have Taken Up the
Matter and Are Giving It Con-
sideration—Still Canvassing.

The promoters of the canning fac-
tory report having secured contracts
for about 800 acres of produce. The
roads have been so bad that it has
been almost impossible for them to
get out into the country.
The farmers have taken up the mat-
ter and have given it careful con-
sideration. Mr. Sussemehl says it
is now only a question of getting to
the farmers to get a contract from
them. They can see that they are
bound to be benefitted by the industry
and are making arrangements to raise
the truck required by them.

Mr. P. Hohenadel arrived in the city
this noon and will also take a hand
in the work of securing contracts. He
will undoubtedly make arrangements
while here to have things ready to
start the building of the factory as
as spring opens up.

ELECTRIC ROAD GIVES CHEAP FAST FREIGHT

Benefit These Lines Would Be to the
Farmer and to the Dairy
Industry.

In an article telling of the progress
made toward building the electric line
from Dixon to Rockford, the Register
Gazette calls attention to the position
taken by it several years ago when it
emphasized the fact that the dairy in-
dustry and the electric roads would
be mutually helpful to each other's
prosperity.

The latter experience has given a
good deal of prominence to this fea-
ture.

The electric road gives cheap fast
freights for miscellaneous purposes
within moderate distances. This will
strengthen the creamery and dairy
business, giving prompt collection of
milk from a long territory, delivering
milk to the creameries, the condensing
factories and the city milk markets.

The Anglo-Swiss condensed milk fac-
tory at Dixon, is using railroads to
reach out into the country and to
handle its station at Monroe, Wis.
This company has encouraged the
builders of the Rock River Electric
by every means in its power and will
use its business to develop dairy
farms along the line. Milk stations
will be established at convenient
cross roads where the cans of milk
can be gathered up for transit to the
big factory at Dixon.

The value of this traffic as a steady
everyday business may be estimated
from the fact that a single farm in
Woodlawn, that of Richard Covel,
shipped from Sterling station to Dixon
factory in the two months beginning
with New Year's day, 57,709 pounds of
milk. The shipments from Sterling
station to the Dixon factory amounted
to 274 tons in the two months; the
farmers who supplied the milk draw-
ing over \$22,000. The milk traffic in
the belt along or near the river is ex-
pected to open up immediately on the
building of the electric road and to
develop on a large scale for several
years to come.

CONSTRUCTION CREW AGAIN BEGIN WORK

Janesville & Southeastern Line Will
Now Be Pushed to Comple-
tion—Work at Saige Hill.

The construction crew of the Janes-
ville and Southeastern railroad are
making active preparations to begin
the work of finishing the construction
of the line as soon as the weather
warms up a little.

They are now at work in the neigh-
borhood of Snipe Hill, and have about
a week's work at that point. A large
amount of material is now being col-
lected in this city and when once the
work starts it will be rushed to a fin-
ish.

The large steam shovel will be tak-
en to the gravel pit recently purchas-
ed by the road from Guy Wheeler and
the sand used for ballast will be secur-
ed at that point.

P. W. Ryan of this city has the
contract for stripping the pit and will
begin the work as soon as the frost is
out of the ground.

The poles and wire for the telegraph
line have arrived and the line will be
built at once, to connect with the line
now running from Chicago to Liberty
ville.

Work along the line will be com-
menced in a few days and kept up un-
til it is completed. Janesville will
soon see fast trains from Chicago com-
ing in over this line and the running
time of the trains between Chicago
and this city will be greatly reduced.

SITUATION REALLY BECOMING SERIOUS

Rock River Continues to Rise at the
Rate of Two Inches Each Day
—Some Anxiety.

The river still continues to inspire
people with anxiety and the situation
is really becoming serious. It rises
steadily at the rate of three inches
a day and there seems to be no pros-
pect of a cessation. H. L. Skavem
telephoned down from Lake Koshkonong
today that the water in the lake
rose four inches last night, the mea-
surement being taken at the Carcajou
club house on the north shore of the
lake.

H. M. Pulker leaves Saturday for
Milwaukee, where he starts on his spring
trip for the Howard & Foster Shoe Co.
Mrs. Pulker will spend the next month
and a half at Council Bluffs, Ia, with
relatives.

CAREER OF AGUINALDO.

Born in Cavite in 1874.
At 4 the house boy of a Jesuit priest.
At 14 in the University of Manila.
In 1890 in the Chinese army as a private.
In 1891 in the Chinese navy.
In 1893 a Spanish subject in Luzon.
In 1897 one of the leaders of the uprising
against Spain.
In 1898 leader of the Filipino insurgents.
The same year made president of the Phi-
lipino Republic.
Started insurrection against the United
States February 4, 1899.
Captured in March, 1901, by Gen. Funston
and companions.
Of Aguinaldo's age there is great doubt.
The estimates range from 27 to 34. He him-
self does not know the year in which he was
born, but 1874 is believed to be the correct
date. He is 5 feet 4 inches in height, an
accomplished linguist, and as a general has
been called the "Filipino Napoleon."

URGE AGUINALDO TO STOP THE WAR

Leading Filipino Natives
Hold Consultation with
the Captive Chief.

TO BE EXILED TO GUAM

Probable Fate That Awaits the
Insurgent Leader Now a
Prisoner at Manila.

HONORS AWAIT GEN. FUNSTON

Manila, March 29.—Aguinaldo had
a conference today at Mac Arthur's
headquarters with a number of lead-
ing natives who had been sent for at
his request, to discuss the situation.
They are all friendly to American
rule and urged their former leader to
acquiesce in acknowledging American
supremacy. Aguinaldo was evident-
ly impressed by their statements.
Five natives were hanged at Fort
Maute today for the murder of an
Englishman named Archibald Wilson,
superintendent of the water works,
for the purpose of robbery.

AGGY A PRISONER OF WAR.

The Filipino Leader Will Probably Be
Sent to Guam.

Washington, D. C., March 29.—Agu-
inaldo will in all probability be sent
to Guam as a prisoner of war, to re-
main there indefinitely, and General
Funston, his captor, is likely to be
made a brigadier general of the regu-
lar army as a reward for the success
of his daring exploit. The captured
Filipino is regarded as a prisoner of
war in every sense, and the govern-
ment could, by following well estab-
lished precedents, have him court mar-
tialled and shot for the leading of a re-
bellion against the United States.

While the disposition of Aguinaldo
has not been determined upon, there
is no desire upon the part of the ad-
ministration to deal harshly with the
prisoner of war. General MacArthur
has ample authority to deal with the
case. He may act upon his own re-
sponsibility, but it would not be sur-
prising if he should ask for instructions
from the secretary of war.

It is possible that Aguinaldo may not
be tried at all, but he may be quietly
shipped off to Guam, where he will be
kept as prisoner as long as he has
any power, in the judgment of the
president to revive the dying embers
of the revolution.

In a cablegram from Manila to the
war department General MacArthur
gives the details of Aguinaldo's cap-
ture, says that the credit is due to
Funston, and concludes:

"I hope for a speedy cessation of
hostilities throughout the archipelago
as a consequence of this strike. As
a result of conferences now in progress
it is probable that Aguinaldo
will issue an address advising a gen-
eral surrender, delivery of arms, and
acceptance of American supremacy."

Kansas Booms Funston.

Topeka, Kan., March 29.—General
Fred Funston already has a boom for
governor and another for United
States senator. His gubernatorial
boom was inaugurated by Morton Al-
baugh, chairman of the republican
state central committee.

"It is probable that Funston will be
offered a position in the regular army"
Albaugh said, "but if he should decline
it, I believe that the people of Kansas
would insist upon making him gov-
ernor. His election would be prac-
tically unanimous."

L. S. Crum, who is to be the new
United States Marshall for Kansas,
said that Funston ought not to be
bothered with the office of governor.
Means End of War.

Chicago, March 29.—"Aguinaldo's
capture is the end of the insurrection,
and it proves General Funston to be
a great scout," declared Major General
Elwell S. Otis yesterday. General
Otis is the former commander of the
United States army in the Philippines
and present commanding general of
the department of the lakes.

ENDS THE TROUBLE IN MINDANAO

The Surrender of an Entire Filipino Company With
Their Arms at Sumalao to Gen. Kobbe.

Washington, March 29.—MacArthur
this morning cables: "Brigadier
General Kobbe reports the surrender
at Sumalao, Mindanao, of nine officers,
one hundred and sixty men, one hun-
dred and eighty-seven rifles, eighty
shot guns and the rations of the com-
mand. This ends the trouble in
Mindanao as far as the Filipinos are
concerned."

Brigadier General Hughes reports
that at Alkapall and Ruiz thirty-
four guns were surrendered to Cap-
tain Schanks; at Mamulo two hun-

dred guns were surrendered to Col.
Scott.

MacArthur also reports two killed
Peter Peterson and Mathew Migusk
and four wounded in the Twenty-First
infantry.

Manila, March 29.—At Saint Vin-
cent in South Illola twelve thousand
natives have taken the oath of alle-
giance to the United States.

Washington, March 29.—Admiral
Remy at Manila and Secretary Long
today exchanged felicitous cable-
grams concerning Aguinaldo's capture.

FLAGS BY THE TON FOR PORTO RICO

Every School House on the Islands To Be Decked With
Red, White and Blue, July 4.

Chicago, March 29.—American flags
—nearly two tons of them—have been
contracted for in Chicago, with "rush
orders," that on July 4, the red, white
and blue may flutter from every school
house in Porto Rico, teaching the les-
son of Independence day to young and
old alike in the island. The plans
of the government are that by the
end of the year the flag will be as
familiar a sight in the towns and vil-
lages of the Philippines.

The order of the government calls
for flags of all sizes—small ones that
the school children can wave from win-
dows or carry through the streets
and into their homes, and large flags
to float from flag staffs and building
roofs over the head of marching
troops and citizens on the day that
they are learning to celebrate.

Each island prototype of the little
red school house will have a com-
plete outfit of the national flag. There
will be flags for the pupils, a flag to
drape above the teacher's desk, and a
flag to flutter lazily over the school-
house yard.

The purpose of the government at
Washington in giving the order is to
secure sufficient flags to supply every
point on the island devoted to educa-
tional purposes, that patriotism may
be in stilled in the minds of the
pupils by sight as well as by teach-
ing.

The plan is simply carrying out
one inaugurated several years ago of
flying the American flag from every
school house throughout the land dur-
ing class hours. The idea of so equip-
ping the schools of Porto Rico, since
the island came under the rule of the
federal government, has been brought
up in Washington several times of
late, but has just been put into effect.

MEMORIAL DAY GAME HAS STRUCK A SNAG

OWNERS WILL NOT LEASE ATHLETIC PARK FOR THAT DAY.

Old Soldiers Object to the Desecration of the Day with a Base Ball Game—Beloit-Wisconsin Contest Must Be Called Off or Another Ground Secured.

If Janesville secures a base ball game between the teams of the University of Wisconsin and Beloit college on Memorial day this year, it will have to be played on some other grounds than Athletic park.

Out of respect for the members of W. H. Sargent Post, No. 20, G. A. R., and for all old soldiers who consider that the observance of the thirtieth of May should be kept sacred to the memory of the nation's dead heroes, the management of Athletic park has absolutely refused to rent the grounds on that day.

This is the outgrowth of the trouble last year when the Grand Army entered a protest against the game which was played here by these same educational institutions on that day. Despite this protest the game was played and was a great financial success, the gate receipts amounting to about \$600. A great deal of bitter feeling preceded last year's game but concessions were made by both sides, the advocates of the game and those who were opposed to it, and the intensity of the feeling quieted down considerably before the game.

So unpleasant was the entire affair that both sides felt that the occurrence would not be repeated this year. Grand Army men and those who agree with them in thinking that Memorial day should not be desecrated by athletic sports felt confident that neither the University of Wisconsin nor Beloit college would attempt to play another game in this city where such a strong sentiment of opposition had been exhibited. As a matter of fact the managers said unofficially and in a casual way that when they came to Janesville again they would come on another date. After the game they were so pleased with the patronage that they promised this city a game on this year's schedule.

The great success of the game last year gave the base ball enthusiasts confidence that it could be repeated this year without any trouble. They relied on the fact that the Grand Army would wish to avoid a repetition of the unpleasant notoriety which they achieved by their protest of last year. In truth they regarded that protest as a matter of form which the Grand Army felt was required of them. Last year's game had been an innovation in Janesville and much of the feeling was due to that fact and would not be aroused by a second game.

So when this year's Wisconsin-Beloit schedule was made out Janesville was put down for the Memorial day game. The announcement caused no great sensation although the ex-soldiers were mildly surprised and the base ball enthusiasts were highly elated over it.

When Supt. Hurd of the street railway company tried to rent Athletic park, however, he ran against the snag which is liable to prevent the game. The park is owned by several business men and they refused to rent it for Memorial day. The only way in which Supt. Hurd could secure it for that day was to lease it for the entire year. This Supt. Hurd refused to do, it being essentially a money losing proposition. The owners of the park will not lease it to anyone who will permit Sunday ball games and no one can make money by running a ball park in this city without the Sunday game.

Therefore, unless some one is willing to lease Athletic park for the entire year, thus securing control of it for Memorial day or another ball park is laid out, which is quite improbable, the Wisconsin-Beloit game cannot be accommodated on May 30 in this city. This will be a great disappointment to the many lovers of the national game.

THE ODD FELLOWS HOLD A JUBILEE

Festivities Last Evening at Their West Side Hall Closed with an Elaborate Banquet.

A delightful gathering of Odd Fellows and their families was held at West Side Odd Fellows' hall last evening in honor of the third anniversary of the organization of Janesville lodge No. 171, D. of R.

The festivities of the evening were opened with an elaborate banquet faultlessly served in the dining halls. The two long tables were spread beneath a canopy of pink and green, the society's colors, formed by loops of bunting while from the chandeliers were hung the significant three links of the order. Ferns were graceful decorations used on the tables and the menu cards were green tied with pink ribbons. The supper served was a delicious one. After supper a musical and literary program was given in the lodge room, J. W. Clark, presiding. Special interest was taken in this part of the entertainment because during it the new piano, recently purchased by the Rebekah lodge, was dedicated.

The program was an elaborate one and opened with a well played piano solo, "Moonlight Reverie," by Ruby

Blanchard. Misses Laura Clark and Grace Conroy sang for "Old Time's Sake," so prettily that they were compelled to respond to an encore and J. W. Clark made a brief but very entertaining address.

Miss Etta Nott's contralto voice was heard effectively in a lullaby and she was obliged to respond to the insistent applause. She was followed by a recitation, Miss Luella Scott telling nicely the amusing story, "Entertaining Her Sister's Beau."

Quite the hit of the evening was made by Miss Maude McDonald who sang a very cute "Telephone Song" sweetly. She was compelled to respond to an encore and this was also true of Ed. Smith whose tenor solo, "I'd Like to Hear That Song Again," so pleased the audience that another number was asked for and he responded with "Nellie Gray."

Hazel Ercanbrack gave a pleasing recitation after which the Misses Irene and Ione Dopp sang "Treasures That Gold Cannot Buy." This was an enjoyable number and the young ladies complied with the wishes of the audience and sang again.

Harry Robinson's vocal solo, "Friars of Orders Gray," was one of the best of the evening, but he declined to respond to an encore. The program came to a close with the singing of a nursery rhyme by Margie Merrill, a little tot who played her own accompaniment and won the hearts of all who heard her. She was compelled to sing a second number. Miss Olive Trambille was the accompanist for the balance of the evening.

After the program there was card playing and the merry making lasted until midnight. The success of the entire affair was due largely to the efficient committee of arrangements which consisted of Mesdames Con. McDonald, N. B. Robinson and Richard Griffiths. In the service on the banquet they were assisted by Mesdames F. T. Nicholson, John Knutson and Will Parish.

AN EASY WAY.

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject; he says: "I am 68 years old and have not had a serious illness, and at the same time my life has been largely on indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not be eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular use of Stuart's Dyspepsia Tablets."

My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, pepsines and diastase, and after using them a few weeks I have never ceased to thank him for his advice. I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use bring health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars' worth of good.

JANESVILLE FIRM WILL DO THE JOB

F. J. Jeffris in Washington, Figuring on Furnishing the Office of Colonel Casson.

A Washington dispatch to the Milwaukee Sentinel of today says: "F. J. Jeffris of the Jeffris manufacturing company of Janesville is here preparing designs for furnishing the office of Colonel Casson, sergeant-at-arms of the house of representatives. The office of the sergeant-at-arms which for a number of years has been located near the house chamber, has been removed to the floor below and the new office is to be elaborately furnished. The office will be finished in Wisconsin birch and oak and the interior of the cage, such as is utilized in banking institutions, will be trimmed in Wisconsin quartered oak and the exterior in Wisconsin polished red birch. When completed the office of Colonel Casson will be one of the most handsomely embellished in the capitol."

BLESSING THE PALMS

Plans for the Closing Days of the Lenten Season—Services of Good Friday and Easter.

Next Sunday will be Palm Sunday, which marks the beginning of the closing or Holy week of the forty days of fasting observed by the Catholic, Episcopal churches. Palms will be blessed and distributed in the churches Sunday in commemoration of the entrance of Christ into Jerusalem. Holy Thursday and Good Friday follow in order, and are the most important days of the week. In the Catholic churches the mass of the Presanctified will be celebrated, at which no communion is given the people, and in many cases the churches will be stripped of their decorations. On Holy Saturday the ceremonies begin early in the morning and consist of the blessing of water for church purposes and the blessing of oils. The ceremonies are followed with a mass and last for several hours. Holy Saturday marks the close of the days of sackcloth and ashes and Easter Sunday follows in commemoration of the Risen Lord.

TARGET SHOOTING MATCH NEXT WEEK

The Grand American handicap, which was attended by several shooters from this city two years ago, will be held at Interstate Park, Queens, L. I., next week.

There are 20 entries, of which Canada provides five, among them being H. D. Bates of Ridgetown, Ont., who was last year's winner. The handicap committee will not announce the result of their labors until Sunday.

The shooting will begin Monday and last all week, but the Grand American will not begin until Wednesday. This event is at twenty-five birds, \$25 entrance fee, handicap rise, with \$600 to the winner and a \$500 cup; \$500 to the second and \$400 to the third. All money in excess of the \$1,500 is divided pro rata among the other high guns.

Among the other cracks entered are C. W. Budd, Des Moines, Ia.; W. R. Crosby, O'Fallon, Ill.; J. A. R. Elliott, Kansas City, Mo.; E. D. Fulford, Utica; Fred Gilbert, Spirit Lake, Ia.; Rollo A. Helkes, Dayton, O.; T. A. Marshall, who won the event in 1898 and 1899, and Harold Money, the amateur champion.

London, March 29—The inanimate target shooting clubs were delighted at the reception yesterday of a dispatch from the United States announcing that the American clubs agree to their challenge to meet the English clubs in this country during the coming summer. A meeting will be held in London Thursday evening to discuss the arrangements.

The following are some of the well known shots who will be on the team: J. A. R. Elliott, of Kansas City, Fred Gilbert, of Spirit Lake, Ia.; Tom Marshall, of Keithsburg, John S. Fanning of Chicago, Rollo D. Helkes of Dayton, W. R. Cosby of Batavia, N. Y., Chauncey Powers of Decatur, Ill.; Richard Merrill of Milwaukee, and Charles W. Budd of Des Moines.

The Englishmen are allowed the use of both barrels, the Americans being restricted to one.

AMUSEMENT NOTES

Howard Gould, with a fine supporting company, will appear at the Myers Grand tonight, presenting the play,

HOWARD GOULD.

"Rupert of Hentzau." No words of praise can be too extravagant for this show. A crowded house should be present.

One of the events of the coming theatrical season will be the early production here of Augustus Thomas' splendid new drama, "Arizona." The atmosphere of the alkali plains hangs about it; the alkali dust is on its characters; and each role is sketched with care and consummate art. Moreover the various strands are interwoven in a way that lifts the piece into a class which has been reached by only a few American playwrights.

Humane Society Meeting.

The meeting of the Humane society Friday night at the First M. E. church promises to be of considerable interest. Short addresses will be made by Rev. W. A. Hall, Rev. R. C. Denison, J. J. Cunningham, and others. Everyone who loves their dog or horse will be interested in this meeting. The public are invited.

OFFERED A POSITION IN PHILADELPHIA

Clarence Rowe, son of Register of Deeds and Mrs. O. D. Rowe, who has lately been in the employ of the Beloit Iron works, has been visiting his parents for the last day or two. He has resigned his position in Beloit and will leave tomorrow for Philadelphia where he has been offered a responsible position in a large gasoline engine and automobile works.

Mr. Rowe is an expert machinist and is a graduate of the mechanical and engineering department of the University of Wisconsin. Since he left the university he has made rapid progress in his chosen profession and has held some very fine positions.

Who is Alvah Hemmans?

Candidate for alderman of the Fourth ward, is a question that is occasionally asked. In answer thereto The Gazette will state of its own knowledge and from information obtained from one of the old war horses of the democratic party who has known him from birth, that he occupies the position of cashier of the freight department of the Chicago & Northwestern Railway in this city and has done so for several years to the satisfaction of his superiors, so much so that its management has been almost entirely entrusted to him. That he is the oldest son of Thomas Hemmans, one of the most respected of the old citizens. That he is thirty-five years of age. That he commenced at the lowest rung of the ladder and that he is now more than half way up, and if elected would make a useful member of the financial committee of the council.

Omega Oil

Gold in the Chest—If a porous plaster was the only thing which cured cold in the chest or pains in the chest, there would be some excuse for putting one on, but there's something ten times better. It's Omega Oil.

Rub your chest and throat with it to-night, and to-morrow morning you'll be all right. Omega Oil is a liniment that does not burn, blister, or itch like a porous plaster. It doesn't stick to the skin like glue, either. Every mother knows that old-fashioned sweet oil is a real good remedy for rubbing on the chest when a cold has settled there, but sweet oil isn't near so good as Omega Oil. It contains a green Swiss herb that soothes, heals and subdues inflammation in a most astonishing way. It is good for everything a liniment ought to be good for.

If your dealer refuses to supply you with this wonderful Swiss green liniment, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c. in cash, money order or stamps. 755

PRACTICAL TEMPERANCE REFORM.

"The Public House Trust Company, Limited," has recently been organized in England, for the purpose of buying out private saloons, and establishing municipal resorts, that can be regulated and controlled in the interests of practical reform.

The promoters recognize the fact that men will drink, and they propose, after paying five per cent. on the capital invested, to spend the surplus of profits on schools, parks, libraries, hospitals and other things that will contribute to the comfort and happiness of the men, whose money has been squandered at the saloon. They will serve tea, coffee and food, as well as beer, and by conducting attractive and orderly places, expect to win men to habits of temperance and sobriety. The experiment will be tested in rural districts and gradually extended to the cities.

There is room for this kind of work today, not only in England, but in this country as well. There is nothing that stands between the church and saloon, in the way of a free resort, except the Y. M. C. A., and while that organization is doing good work and is entitled to every encouragement, yet there is a wide breach between it and the saloon, and this field is unoccupied.

There are thousands of young men outside the churches who smoke, and play games that are innocent when properly environed. They are restless, and want companionship, and the saloon is the only place that looks at all inviting, because it is the only place on the street that stands with wide open door and brilliant surroundings, free to all comers, and no questions asked or advice offered.

These boys find in the saloon companionship, freedom and good cheer, and they go again, and soon become regular patrons of the place. You may argue that the church and the Y. M. C. A. should step in and stop the tide. The argument is good, and both are doing good work, but the cold fact remains, and the tide goes on, because in our zeal to reform and save young men, we fail to get down to the level of the masses and lift them up. The good influences and helpful appliances are all right and they are accomplishing much, but we are too afraid of soiling our hands and tarnishing our reputations, by meeting conditions in the field so largely given over to Satan and evil influences.

The devil works close to the ground. He never soars very high. The time will come in this country, as it is coming in England, when Christian intelligence will recognize stubborn facts, and throw her advance column a little nearer the enemy's line, and rescue young men, by winning them away from the enemy's camp.

A BADGER PHILANTHROPIST.

Pennsylvania has a Carnegie whose millions are being scattered over the land to bless humanity. His great wealth and great heart have won for him a name that stands out so prominently today, that he is recognized as the leader of American thrift and philanthropy. His memory will be kept green because of the many land marks that will endure through the century as silent reminders of his generosity and thoughtfulness.

But Wisconsin has a Carnegie who is not a millionaire, and whose name is so little known that it is hardly recognized throughout the state even. This man, Professor Stephen Moulten Babcock, has devoted his life energies to the field of science, giving no thought to finance and accumulation. He has discovered, through many years of research, and inventive genius, a milk test, so accurate and so perfect, that its use will be universal and its results will revolutionize the dairy interests of the world. The value of this discovery was speedily recognized and Dr. Babcock was offered \$100,000 for it as soon as patented. The offer was declined, and the patent presented to the state of Wisconsin, for the benefit of her farmers and dairymen. It is said that the test will save the farmers of the state a million and a half dollars a year.

It was well for the state to remember Professor Babcock, as they did one evening this week. For pure and disinterested philanthropy the

case has but few parallels. There is nothing ostentatious about the gift and there will be no monuments of brick and stone erected to his memory, but the product of his life will contribute to the welfare of humanity for many generations. That is success of a high order. All honor to the man who wrought it out.

The state of Oregon has a law on the length of legislative sessions, that should be adopted in Wisconsin. The limit there is forty days, and it is long enough. Wisconsin is in for a few months siege, and the present session is a menace to the state. Corporate, as well as private interests, are involved and freak measures of various kinds are in the assembly. Wisconsin is not suffering for more laws. The state is law ridden now. Forty days is long enough to equalize taxation and pass the necessary appropriations. Business is good and the legislators ought to be home looking after it.

Wise statesmanship is in demand just now in England. The Boer question seems far from settlement. England possesses the might, but she will hardly feel warranted in assuming the right, to drive the boer from his own soil. The question of future government, as well as satisfactory terms of peace, is very perplexing. The South African country is rich in soil and mines, which makes the question still more difficult. It remains to be seen, whether a second Gladstone will come to the rescue.

If the senate will count up the names on all the petitions for the primary law, and add to the list all of the letters written in its favor and deduct the grand total from the vote of the state, the result will be the difference between the men who are crazy for the measure, and the great mass of the people who are not. It's simply a mathematical problem with ninety per cent. of the unwashed throng "among the goats."

The Record-Herald has a good man in the business office and the combination will doubtless hold its own, if the erratic editor can be held in line. He was a pie merchant so long that he has never fully discovered the difference between a pie counter and an editorial chair. There is a difference between a good pie and a good editor. Both cater to the same constituency, and when they fail to excel, the public looks up another counter, without asking anybody's permission.

With the advent of a new title to a Chicago paper, and the dropping of the "Times," closes the career of one of the most influential papers of its time in the west. Like the Journal, which was also powerful in its day, the Chicago Times has made the names and fortunes of several men besides Storey; and its name will always recall to Chicagoans, memories of newspaper warfare and rivalry hardly known today.

Editor Harmsworth, of the London Daily Mail and other publications, has just sailed for home after a three months' tour of investigation. He thinks that while America is rapid in some ways, that the country is far behind England in others. The American newspaper, he says, is light and lacks courage. The criticisms are doubtless just, but the English editor is not doing business in America, and will hardly be considered good authority.

The Evening Wisconsin, noted for its conservatism, has taken no part in the discussion of the primary law until quite recently. The paper now advises, as do many others throughout the state who have been neutral, that the bill be referred to the people for final action. The advice is good, and should have weight with the legislators.

Kansas has no use for Carnegie libraries. The state has a Carrie Nation and believes in object lessons as an educator. Foreign capital is dangerous, and Kansas has succeeded in driving most of it out. If Mr. Carnegie wants to get in he will have to hew his way with a hatchet, or lead a crusade with a prohibition banner.

The trust craze has gotten hold of the university at last. Chicago university is annexing all the schools in its vicinity, and now Pitts. Hadley is organizing a trust in brains, relative to graduate students.

Italy is about to retire from the Dreibund. Her ambition to pose as a great power has caused her financial troubles and revolution. The triple alliance is for peace uniting its members against the aggressions of France or Russia.

Gen. Funston ought to be satisfied with his last and greatest exhibition of courage; and be content to retire on a comfortable income and the honors of a grateful and admiring country.

The people of the United States would profoundly regret the dismemberment of China, but do not propose to resort to arms to prevent it.

Gen. Weaver, who has run for every office, from president down, has at last been elected—mayor of Colfax, Iowa.

Pres. Hadley can console himself with the thought that his Boston speech attracted more attention because of the misquotation.

HOWARD GOULD IN RUPERT OF HENTZAU

An Attraction That Has Won High Praise Everywhere, at Myers Grand Tonight.

The appearance of Howard Gould in "Rupert of Hentzau" at the Myers opera house tonight promises to be one of the theatrical events of the season. The manager of the opera house is very much disappointed over the advance sale of seats. If the attraction was taken on the merit that it deserves in this section, every seat would have been taken in advance on the opening day of sale.

This company which made so many friends on its appearance here in the Prisoner of Zenda ought to find a hearty reception in its rendition of the sequel to that charming tale. As might be expected the costuming of the play is excellent and the action carried along with the greatest dash. Mr. Gould in his double role of King Rudolph of Ruritania and of Rudolph Rassendyll is very strong, while dividing honors with him are Frank McGlynn as Count Rupert, W. J. Constanline as Col. Sapt and Eleanor Franklin as Queen Flavia. It is a show worth seeing and theatrical people will miss a good thing if they don't attend.

In the municipal court this morning Charles Trittin was given judgment against Martin O. Anderson for \$210.80 and costs.

HOW TO TREAT THE CAPTIVE FILIPINO

JANESVILLE BUSINESS MEN ON STATUS OF AGUINALDO.

His Capture the Subject of Discussion On the Streets Today—Banishment to Guam the Strongest Punishment Advocated—High Praise For Gen. Funston.

The capture of Aguinaldo by Gen. Funston was the subject of considerable discussion on the streets today and the consensus of opinion in regard to the disposal of him made of him seemed to be in favor of banishing him, at least until the insurrection in the Philippines is so dead that there is no danger of its reviving.

Everywhere were heard words of praise for the brave and brilliant work of General Funston in making the capture. In the minds of a few it was a contemptible piece of trickery and of treachery but this is not the opinion of the people generally. From them are heard only expressions of warm admiration for the stroke of strategy.

The plan of execution, proposed by some papers, finds no response in the hearts of the people. Many have a high regard for Aguinaldo's ability as a man and a leader and think he would be a great power for the United States if he could be convinced that American government is not Spanish tyranny. It was thought that several years spent by Aguinaldo in this country would be of value and that after studying our institutions he would alter his attitude towards this nation.

The opinions of several business men on what should be done with Aguinaldo follow:

S. D. Conant—I should hate to kill him but I should hardly like to trust him in a position where he could do more harm. If there was some one island to which he could be banished and kept in comfort I would be in favor of that.

George G. Sutherland—Let him go free and send him back to the mountains. Give Funston another chance and prolong the excitement. Anything for a lively time. The longer he goes free the more fun there is in America.

S. C. Burnham—If we could afford to be generous with Jefferson Davis we ought to be generous with Aguinaldo. The history of this country has been one of mercy toward our enemies and it would greatly strengthen McKinley's administration to follow the established precedent in this case.

City Attorney Burpee—Follow Dewey's advice and put him in a museum. He would be a great attraction at Kohl and Middleton's.

County Supt. David Throne—The best possible thing that could be done will be to bring him to the United States and sentence him to a year's constant companionship with Senator George Frisbee Hoar, of Massachusetts and Edward Atkinson with the purpose of mutual educational benefit.

T. S. Nolan—I have given the matter no serious thought but feel confident that the administration, being republican, will dispose of him wisely and properly.

Chief Engineer John C. Spencer—They ought to let him go free and give him a pension. His capture was a trick beneath the dignity of civilized warfare.

W. A. Jackson—We do not want him in this country and we don't want him in the Philippines. The island of Guam might be a good place for him and the fact that he objects to going there ought to be all the more reason for sending him.

W. S. Jeffris—I think the suggestion to banish him to the island of Guam a good one. He is too dangerous and treacherous a man to be set free to stir up trouble in his own country but I would not be in favor of executing him.

City Treasurer James A. Fathers—Be as the American people always are—magnanimous.

Horace McElroy—He should be treated as any other prisoner of war of his rank and standing. If the American people wishes the exonerations of the whole world let them execute him.

Today was the last day of school and teachers and pupils will spend the next week in rest and recreation.

POLITICAL POT IS BOILING FURIOUSLY

Candidates for City Offices Are Out Hustling for Votes—Republicans Have Strong Ticket.

The political pot is now boiling in good shape. The near approach of election has made the candidates get out and hustle for votes. On every corner a candidate and a bunch of his friends may be seen laying plans to catch a vote, or a ward heeler with a doubtful voter in tow, explaining the good qualities of his candidate and running down his opponent.

The republicans this year present to the voters of the different wards a number of gentlemen for the office of aldermen that are hard to beat. Walter Rice of the First ward has already been several times in the council and has always had the best interests of the city at heart.

In the second ward James Mills, the nominee would make an ideal officer. He is progressive in his views and favors any improvement that would benefit the city.

H. S. Gilkey, the Third ward nominee, needs no praise. He has already served the city as alderman and is always in the front rank looking out for the city's interests. He should get the full vote of the ward.

Alderman Hemmens, the candidate in the Fourth ward, is a young man of sterling principles and holds a responsible position with the Chicago & Northwestern railroad. He is eminently qualified to fill the duties of the office and every vote for him means a vote for a healthy administration.

The vacancy caused by the resignation of W. H. Appleby in the Fifth ward has not as yet been filled by the committee.

The nominees for school commissioner are all men interested in the affairs of the schools and who have had more or less experience in this line of work.

James Shearer is already a member of the board as is H. J. Cunningham and both have proved themselves efficient officers. Wilson Lane is a lawyer and a gentleman well up in educational matters and a vote for these gentlemen means a vote for a good school system.

No better men could be selected for the office of supervisors than the republican nominees—C. E. Bowles, Homer Paul, J. L. Bear, W. G. Palmer and Fred J. Jeffris—are all business men capable of looking out for the city's interests at the meetings of the county board. A vote for them means the keeping of the city assessment at a point in proportion with the rest of the county.

BRIEF BITS OF LOCAL GOSSIP.

Thomas Casey, a member of the Junior class, was highly complimented today by being requested to read his oration on the "Decline of Athletics in the Janesville High School" before the school. The oration was so excellent that the faculty desired every member of the school to hear it and it was read as a part of the opening exercises.

CANDIDATE MUST BE 21 YEARS OF AGE

No Person Can Hold Office in This State Unless He is a Qualified Elector.

The following appeared in the Recorder this morning.

"There is no legal requirement that a justice of the peace should be twenty-one years of age, and that little game on the part of the Gazette will not stop the election of William H. Dougherty as justice. If the Gazette is not, the people of Janesville are willing to give the young men a chance."

The Gazette is perfectly willing to give all of the young men a chance for election, but it still sticks to the proposition that no person can hold office in this state unless he is a qualified elector, and the candidate must be twenty-one years of age when he is elected to office.

The constitution of the state of Wisconsin fixes the question of who are qualified electors. Article 3, section 1, reads as follows: "Every male person of the age of twenty-one years or upwards who shall have resided in the state for one year, not preceding an election, and in the election district where he offers to vote at such time as may be prescribed by the legislature, not exceeding thirty days, may be deemed a qualified elector provided that he is a citizen of the United States."

Section 8, Chapter 2 of the city charter states. All persons who are entitled to vote for county or state officers and who shall reside in the ward where they offer to vote, shall be entitled to vote for any office under this act, and be eligible to any office thereby created."

In the case of the state ex rel vs. Smith 14 Wis. 497, the court says: "A person cannot lawfully hold an office unless he is an elector." His opinion is held up in the case of state ex rel Schubert vs. Murray, 28, Wis. and state ex rel vs. Trumph, 50, Wis.

It would seem from the law on this subject that a person to hold an office must be a qualified elector and one of the qualifications of an elector is that he must twenty-one years of age. Even if Mr. Dougherty should be elected, and there is very little show that he will be, he could not qualify for the office.

STORY IS TOLD BY FUNSTON

How He Captured the Willy Aguinaldo.

PLANS EXECUTED, WITH CARE.

Intrepid Kansas General and His Little Handful of Followers Took Desperate Chances in the Enemy's Country—Fought Filipinos with Friendly Natives.

Manila, March 29.—Brigadier-General Funston has just told how he had effected the capture of Emilio Aguinaldo, leader of the Filipino insurgents. The capture was brought about March 23, and the prisoner was landed in jail in this city yesterday. The statement of General Funston is as follows:

The confidential agent of Aguinaldo arrived Feb. 28 at Pantabangan, in the province of Nueva Ecija, northern Luzon, with letters dated Jan. 11, 12 and 14. These letters were from Emilio Aguinaldo, and directed Baldermo Aguinaldo to take command of the province of central Luzon, supplanting General Alejandro. Emilio Aguinaldo also ordered that 400 men be sent him as soon as possible, saying that the bearer of the letters would guide these men to where Aguinaldo was. General Funston secured the correspondence of Aguinaldo's agent and laid his plans accordingly.

Resorted to Stratagem.

Some months previously he had captured the camp of the insurgent general Lacun, incidentally obtaining Lacuna's seal, official papers and a quantity of signed correspondence. From this material two letters were constructed, ostensibly from Lacun to Aguinaldo. One of these contained information as to the progress of the war. The other asserted that, pursuant to orders received from Baldermo Aguinaldo, Lacuna was sending his best company to Presidente Emilio Aguinaldo. The plans completed and approved, General Funston came to Manila and organized his expedition, selecting seventy-eight Macabebes, all of whom spoke Tagalog fluently. Twenty were insurgent uniforms and the others the dress of Filipino laborers. This Macabebe company, armed with fifty Mausers, eighteen Remingtons and ten Krag-Jorgensons, was commanded by Captain Russell T. Hazard of the Eleventh United States Volunteer Cavalry. With him was his brother, Lieutenant Oliver P. M. Hazard, of the same regiment.

Every Man Was Ficked.

Captain Harry W. Newton, Thirty-fourth Infantry, was taken because of his familiarity with Casiguran bay, and Lieutenant Burton J. Mitchell, Fortieth Infantry, went as General Funston's aid. These were the only Americans accompanying the leader's expedition. With the Macabebes were four ex-insurgent officers, one being a Spaniard and the other three Tagalos, whom General Funston trusted implicitly. General Funston and the officers wore plain blue shirts and khaki trousers. They carried each a half-blanket, but wore no insignia of rank. The Macabebes were carefully instructed to obey the orders of the four ex-insurgent officers. On the night of March 8 the party embarked on the United States gunboat Vicksburg. It was originally intended to take cascos from the island of Dolillo and to drift to the mainland, but a storm arose and three of the cascos were lost. This plan was abandoned. At 2 a. m., March 14, the Vicksburg put her lights out and ran ashore twenty-five miles south of Casiguran, province of Principe. The party landed and marched to Casiguran. The Americans had never garrisoned this place, and the inhabitants are strong insurgent sympathizers.

Disguised as Prisoners.

Having arrived there, the ex-insurgent officers, ostensibly commanding the party, announced that they were on the way to join Aguinaldo between Pantobang and Baler; that they had surprised an American surveying party and that they had killed a number, capturing five. They exhibited General Funston and the other Americans as their prisoners. The insurgent Presidente of Casiguran believed the story. Two of the Lucena letters previously concocted, were forwarded to Aguinaldo at Palanan, province of Isabela. General Funston and the others were kept imprisoned for three days, surreptitiously giving orders at night. On the morning of March 17, taking a small quantity of cracked corn, the party started on a ninety-mile march to Palanan. The country is rough and uninhabited, and provisions could not be secured. The party ate small shellfish, but were almost starved. Wading swift rivers, climbing precipitous mountains and penetrating dense jungles, they marched seven days and nights, and on March 22 had reached a point eight miles from Palanan. They were now so weak that it was necessary to send to Aguinaldo's camp for food. Aguinaldo dispatched supplies and directed that the American prisoners be kindly treated, but not be allowed to enter the town.

Quick Thought Required.

On the morning of March 23 the advance was resumed. The column was met by the staff officers of Aguinaldo and a detachment of Aguinaldo's bodyguard, which was ordered to take charge of the Americans. While one of the ex-insurgent officers conversed with Aguinaldo's aid, and a Spaniard, sent a courier to warn General Funston and the rest, who, with eleven

Macabebes, were about an hour behind, having received this warning, General Funston dodged Aguinaldo's detachment and joined the column, avoiding observation. The Tagalos went ahead to greet Aguinaldo and the column slowly followed, finally arriving at Palanan. Aguinaldo's household troops, fifty men, lined up to receive the newcomers. General Funston's men crossed the river in small boats, formed on the bank, and marched to the right and then in front of the insurgent grenadiers. The Tagalos entered the house where Aguinaldo was. Fighting soon began. When the firing began General Funston assumed command, and directed the attack on the house, personally assisting in the capture of Aguinaldo. The insurgent bodyguard fled, leaving twenty rifles. Santiago Barcelona, the insurgent treasurer, surrendered without resistance. When captured Aguinaldo was tremendously excited, but he calmed down under General Funston's assurance that he would be well treated.

Fire at Danville, Ind.

Indianapolis, Ind., March 29.—A special to the Journal from Danville, Ind., says: "Fire broke out in the business part of this city at 2 o'clock this morning and at 4:30 a. m. was still burning. The loss will be heavy. Two blocks of buildings will probably be destroyed."

Hit by C. P. Struck in Kansas.

Topeka, Kas., March 29.—A special to the State Journal from Cawker City, Kas., says: G. L. Hudkins struck oil today on his thousand-acre ranch, nine miles south of here. Indications are good for a big flow. Hudkins is trying to lease twenty-five adjacent sections for Topeka parties.

LOOKING BACK

To the time when she was plucked from the very grasp of death, the natural impulse of the womanly heart is thankfulness for the means which saved her, and a desire to help other women in like case. Those are the motives which prompted Mrs. Eva Burnett to write the accompanying testimonial to the curative power of Dr. Pierce's Favorite Prescription. This is only one cure out of thousands. No one would dare say that the average woman was not as truthful as she is good. And it is the truthful testimony of the average woman that "Favorite Prescription" cures womanly diseases when all other means and medicines absolutely fail. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It tranquilizes the nerves, restores the appetite and induces refreshing sleep.

"I have intended for some time to write to you," says Mrs. Eva Burnett, of Russellville, Logan Co., Ky., "and give a testimonial in regard to what your medicine has done for me. My baby came in July, 1896, and I had congestive chills, and lay at death's door for ten long weeks. I was in a dreadful condition and had six of the best doctors of the city. After everything had been done and I had been given up to die I asked my husband to get me a bottle of Dr. Pierce's Favorite Prescription. He had no faith in it, but he got it, and when I had taken it two weeks I was able to walk to the dining room to my meals, and by the time I had taken three bottles I was able to cook for my family of four. I can never praise Dr. Pierce and his medicine enough."

Dr. Pierce's Pleasant Pellets cure biliousness.

ECZEMA'S ITCH IS TORTURE.

Eczeema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczeema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes nor other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

BAD FORM OF TETTER.

"For three years I had Tetters on my hands, which caused them to swell to twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. Four doctors said the Tetters had progressed too far to be cured, and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never since seen any sign of my old trouble."—Mrs. A. E. Jackson, 1414 McGee St., Kansas City, Mo.

MILLARD AND DIETRICH.

Nebraska's Long Senatorial Deadlock Is Finally Broken.

Lincoln, Neb., March 29.—This morning the Republican caucus nominated J. H. Millard of Omaha, for the long term, and Gov. Charles H. Dietrich for the short term for the United States senators from Nebraska.

The long senatorial deadlock was broken by the action of the Republican caucus this morning. When the caucus adjourned last night the deadlock was apparently as firm as ever. On assembling this morning, the anti-Thompson men began running Crouse up, but he could not reach the figures which promised any solution of the difficulty. It became noised about that Thompson had decided to withdraw and this was soon confirmed by the announcement direct from Thompson himself. He suggested Gov. Dietrich as the nominee for the short term.

The action of Thompson was followed immediately by Mr. Rosewater, who suggested either George W. Lininger or J. H. Millard, both of Omaha, as the most available men for the long term senatorship. Meiklejohn and Currie immediately afterward announced their withdrawal.

The caucus took up with the suggestions of the two candidates, and it was the work of only a few minutes to nominate Dietrich for the short term as successor to Senator Hayward.

There was a little difficulty about the withdrawal of Crouse. The sentiment, however, soon decided him, and the caucus then made the nominations of Millard and Dietrich unanimous.

The joint session of the two houses met at noon to confirm the nominations.

DOINGS OF THE LAW MAKERS.
ILLINOIS.

Thursday, March 28.
Senator Dawson introduced a bill to tax bachelors. The bill provides that when an unmarried man above the age of 40 years applies for a marriage license he shall pay a fee of \$100 and the money collected shall be used for the erection of a splinter's home. The bill was sent to the committee on licenses and miscellany.

The house passed Mr. Struckman's bill permitting ex-union soldiers and sailors, honorably discharged, to vend, hawk, and peddle goods, wares, fruits, or merchandise not prohibited by law in any county, town, village, incorporated city, or municipality without the payment of a license fee.

Murderer to Go to Chair.
Salem, Mass., March 29.—John C. Best has been convicted of murder in the first degree for killing George E. Bailey, his partner, on a Saugus farm on October 8 last. The case had been on trial for nearly two weeks and the jury was out a little over six hours.

The penalty is death in the electric chair in the state prison. A week after Bailey disappeared his body was found in sections tied in sacks in a pond five miles from his house. Best was promptly arrested and an autopsy showed that the man had been twice shot in the heart with bullets from a rifle. No direct evidence was adduced, but the circumstantial evidence was strong.

Judges Freed from Blame.
Raleigh, N. C., March 29.—The North Carolina senate, which has been sitting as a high court of impeachment for three weeks, today acquitted Chief Justice D. M. Furches and Judge R. M. Douglas, who were charged with high crimes and misdemeanors. Both judges were acquitted on all the five articles of impeachment preferred by the house of representatives. The judges are republicans, and twelve democrats voted with the eleven republicans for acquittal.

GEO. L. O'BRIEN WRITES

The Great Varnish Manufacturer of South Bend is Grateful.
South Bend, Ind., Jan. 26, 1901.

The Penn Drug Co., Oshkosh, Wis.
Dear Sirs—Up to a short time ago I was a sufferer from most annoying constipation, and had tried many remedies for a permanent relief without a satisfactory result.

A friend of mine from St. Louis suggested to me that I try Dr. Calvin Crane's remedy, and in accordance with his suggestion I bought a box of your pleasant tablets, and after using a small part of the package I found happy relief, and by a continuance of the treatment, thing I can safely say that I am permanently cured.

If this information is of any service to you it may be used as you see fit. I am,

Yours very truly,
GEO. L. O'BRIEN,
(of O'Brien Varnish Co.)

You can get Quaker Tonic Tablets at any drug store, or write the Penn Drug Co., Oshkosh, Wis., for free sample booklet, "Quaker Tonic Truths."

Roosters often crow over eggs they did not lay. Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co's advertising. 35c. Sold at Smith's pharmacy, kodak agents, next to postoffice.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels. Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhoea and summer complaint.

Weakened systems need a mature, wholesome, mellow liquor. That's precisely what the L. W. HARPER Whiskey is. Perfect as beverage or medicine. Absolutely pure. Sold by Kehoe & Cullen, Janesville, Wis.

Take Rocky Mountain Tea. See it exterminates poison. Feel it revitalize your blood and nerves and bring back that happy, joyous feeling of boyhood days. 35c. Sold at Smith's pharmacy, kodak agents, next to postoffice.

For Over Fifty Years.
Mrs. WINGLOW'S SCOTCH BERRY has been used for children while teething. It soothes the child, softens the gums, allays all pain cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

ELECTION NOTICE.

Office of County Clerk.
March 23, 1901.

To the electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock on the 2nd day of April, 1901, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column.

Information to Voters.

The following instructions are given for the information and guidance of voters. A voter upon entering the polling place and giving his name and residence will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment and prepare the same for voting.

A ballot clerk may inform the voter as to the proper manner of marking a ballot but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party should make a cross mark X under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark will become (be counted) for all the candidates of that party in the column underneath unless the names of some of the candidates have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are, for example as follows:

Who can tell you "what men of fashion will wear this spring"? We can.

"FASHION"

wears out more clothes than wear."

That is as true to day as it was in the time of the Bard of Avon. The man who is economically inclined and who wants to be in fashion must put up with cheap tailoring and cheap fabrics, or get first-class ready tailored clothes made from the

Most dependable fabrics and that cost far less than a made-to-measure suit from even a cheap tailor.

Such clothes can be found bearing our label which has become known to a majority of the well dressed men of this city, as belonging to

The Finest and Most Stylish Clothing

that don't cost a lot. We are sole agents in this city for several popular lines of clothing and the range for your choice is now both large and varied.
